

GRIDDLE

INDUC Electric Griddle offers tailored precision and convenience. Its 19mm thick chrome plate, featuring a built-in groove, ensures consistent and stable temperatures, guaranteeing a uniformly heated experience for your dishes. This griddle boasts a sizable movable chute and catcher system, streamlining the cleaning process and fostering a more hygienic cooking environment. Monitoring the cooking process has never been easier, thanks to clear indicators displaying the operational status of each area. Safety is a priority thanks to an integrated circuit breaker that protects against electrical problems. Additionally, individual temperature control for each baking area allows seamless adjustments to meet specific culinary demands. The removable splashback simplifies cleaning, enhancing maintenance efficiency. With a temperature range of 100-300°C, this griddle accommodates diverse cooking needs. Constructed from stainless steel and supplied on a closed cupboard stand, it stands securely with adjustable height non-slip feet.

Product Features

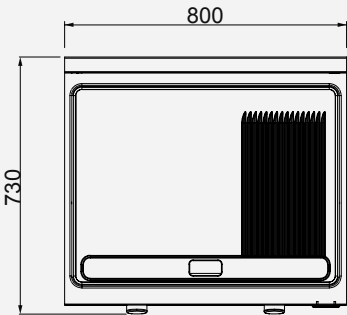

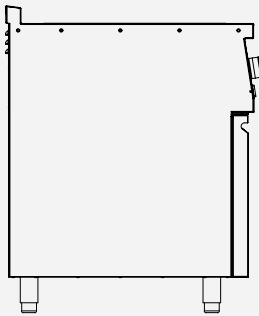

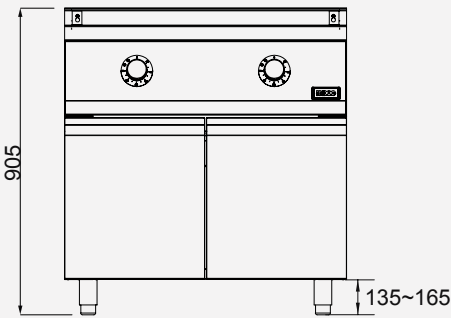

- 19mm thick chrome plate with a groove ensures even baking temperatures for consistent food heating
