IW3N
Undercounter Glasswasher

AUSTRALIAN MADE

The Eswood IW3N features a robust wash pump and efficient boost heater, ensuring consistent wash quality and rapid processing of up to 1800 glasses per hour. Its user-friendly push-button controls initiate fully automated cycles, including a hot wash cycle or a sequence of hot wash followed by cooling. The addition of a digital temperature display simplifies temperature monitoring in regulated settings. Compliant with stringent health and hygiene standards, the IW3N aligns with FSANZ safe food codes, and holds certifications in HACCP and WaterMark for optimal safety and quality assurance.

IW3N standard features and benefits

- Up to 1800 glasses per hour
- Selectable cold rinse
- Easy to use controls
- Durable stainless-steel body construction and wash arms
- Accurate digital temperature controller and displays
- Safety cut-off fitted to door
- Easily removable spray arms and filters
